EXPERIENCE

Lost Flame— *Lead Developer and Project Manager*

December 2021 - Present

Independently developed a top down rouge-like mobile game for iOS and Android devices that is currently available on the App Store and the Google Play Store.

Fruit Force— *Lead Developer and Project Manager*

May 2021 - PRESENT

Independently developed a 2D physics-based platformer mobile game for iOS and Android devices that is currently available on the App Store and the Google Play Store.

PROJECTS

UTrack — *School Attendance Tracking System*

A full stack system designed to vastly improve the way in which attendance is tracked at high schools. Created as part of my senior year engineering project.

LymanTSA.org— *School Club Website*

Website used by the TSA club at my school where I am an active member of the leadership team. Website is used to effectively distribute information to members and allow for seamless communication.

OCScode.com— *Personal Portfolio Website*

Personal portfolio website used to showcase my various projects.

SKILLS

C# · Python · Java · Javascript Databases · C++ · CSS · HTML Project Management · App Development · Problem Solving · Leadership
